Education

Bachelor of Science in Software Engineering

2019-2023

Skills

Programming Language

- C#
- Java
- Python
- JavaScript

Game Development

Unity 3D

VR, Mobile, WebGL, PC

Backend Development

ASP.NET Core

Micro-Services

REST APIs

Database Management

MongoDB, MySQL, PostgreSQL

Tools

Docker, Git, VS-Code

Battlefog Chess

2024-June- August

Customize Army Layouts Additional Feature

ASP.NET WebSocket and APIs for Database

Target Platforms WebGL, Mobile

Java Freelance

2020-2021

Best among the work I made for clients

- Sven Wonders using JavaFX and RMI handled server and client-side
- Demolition using Java Processing

Nex-Skill | Unity Educator

2024-Present

Teaching Unity Game Development at Nex-Skill

Reference

Fiverr

2021-2023

I have completed numerous small to medium projects on Fiverr and received positive ratings. Check them out at: https://www.fiverr.com/syedsulaimans7?up_rollout=true

Upwork

2024-Continue

I have been concentrating on Upwork and received two reviews recently.
